

Business Solutions & Business Development

Your Service Our Passion

About Us

Elrano is a performance oriented, smart and versatile consultancy firm with the quest for supporting businesses, institutions and organizations to achieve their business goals especially with revenues and overall profits. Founded in 2012, we have made major strides in the business solutions and development space. These include, but not limited to, the consumer and financial services sector, real estate, oil & gas, manufacturing, transport and equipment industries. Our expertise, span across the business value chain, from initial conceptualization to after sales management of clients. This outlook is to ensure that our clients become game changers in their various fields of endeavor. Our Mantra and Tagline, ***"Your Service, Our Passion"*** is exemplified in our consistent performance on all jobs as well as speedily service delivery to our cherished clients.

MISSION

We provide unmatched business services and developments through optimum and decisive strategies, effective and efficient enterprise systems and standards, as well as tailor made solutions for specific industries.

VISION

To become a cutting edge business solutions provider, ensuring maximum profits and returns on investment for our business clients and stakeholders.
